## ENGLISH

The dermatograph pencils may be used by various specialists.

Cedar wood dermatograph pencil with 4.4 mm lead and rounded barrel painted with the lead colour. Ideal to write and mark on skin.

The product should be applied only on intact and clean skin in order to avoid complications/infectious bacterial or fungal transmissions.

Always verify the absence of sensitization.

Single-patient device

### GIMA WARRANTY TERMS

The Gima 12-month standard B2B warranty applies.
